

How to link QFX format files in Quicken:

- Open Quicken with your accounts added.
- Go to Tools and click on Account List.

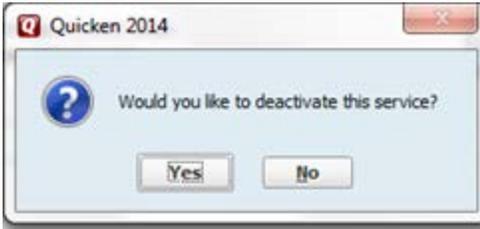

- Account List window should pop up and click edit next to the account(s) you want to use.

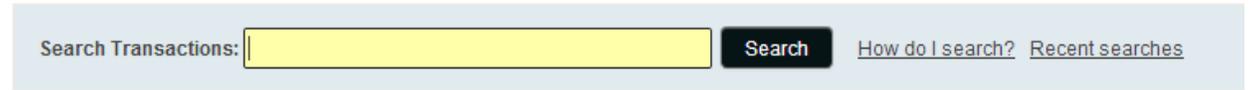

- After you click on edit, a new window will show up and click on Online Services tab.
- In the Online Services tab, click on Deactivate button to deactivate the account and click yes after that.

- After your account(s) have been deactivated. Go to www.popafcu.org and login to your account.

Account Summary

[Options](#) [Edit](#)

Deposit Accounts

Actions	Account	Type	Number	Available	Balance
	REGULAR SHARES	Savings	XXXXXXXX862-S00	\$0.00	\$10.00
	SHARE DRAFT/CHECKING	Checking	XXXXXXXX862-S10	\$3.77	\$3.77
Deposit Accounts – Sub Total:					\$13.77

Account Summary Total

All Accounts Total: \$13.77

- After that click on Options on the Account Summary screen and click on Download to Quicken - QFX

- Download Quicken – QFX file screen will show up.
 - Select the Start Date you need
 - Select the End Date you need
 - Select the account you want or All Accounts

- And click on the Download button.
- You will download a QFX format file. Double-click on the file to open it.

Download to Quicken – QFX File

[Cancel](#)

Start Date :	<input type="text" value="04/19/2013"/>	Shortcuts: today 10 days ago 30 days 60 days 90 days 180 days clear
End Date :	<input type="text" value="10/16/2013"/>	Shortcuts: today 10 days ago 30 days 60 days 90 days 180 days clear
Accounts :	<input type="text" value="-- All Accounts --"/> ▼	

NOTE:

- The default download range is the **last 180 days**.
- Downloading transactions that **overlap** with a previous download is ok.

- After the file open up it will give you two options
 - Create a new account, or
 - Link to an existing account (and choose the account you want to link to) and click import
 - If multiple accounts, click import each time asked.

Import Downloaded Transactions

POPA Federal Credit Union
